physiothérapie

Canada Welcomes The World

The Canadian Physiotherapy Association will welcome the world to Vancouver in 2007 with the arrival of the 15th International World Confederation for Physical Therapy (WCPT) Congress.

The overall Congress theme for 2007 is *Moving Physical Therapy Forward*, continuing the theme used in 2003 and reflective of the current strategic direction and policies of WCPT. It unifies physical therapists from around the world, encompassing global change, challenges and opportunities for the profession and the governments, professionals and populations we work with. Where better to move physical therapy forward than at its prestigious international Congress!

VANCOUVER

...Your Host City!

Nestled between the Pacific Ocean and the Coast Mountain Range, Vancouver is a cosmopolitan city perched on nature's edge.

A playground for all ages, locals often boast it is possible "to ski, sail and golf all in the same day." Well it's true! Activities range from rainforest walks, ocean kayaking, salmon fishing to skiing, snowshoeing, golfing, roller blading and cycling, all done against awe-inspiring natural backdrops of mountains, wilderness and our spectacular harbour. With three highly rated mountains only 20 minutes drive from the city, locals enjoy an active winter of skiing and snowshoeing; and in the summer, meander along nature trails amidst sub-alpine meadows and sparkling lakes while viewing the local wildlife.

A vibrant city, the friendly streets are filled with individuals from varied ethnic backgrounds and walks of life. As a result of its culturally diverse population, Vancouver has equally diverse neighbourhoods, all of which provide wonderful browsing and shopping opportunities. Vancouver's exotic setting is also reflected in its array of flavourful offerings. Between its internationally praised fine-dining restaurants and trendy cafes, the city's many restaurants offer everything from gourmet seafood fare to unique vegetarian dining.

Looking For More Information???

Watch for all the exciting Congress details coming soon, including the Call for Papers, travel and accommodation information and registration forms. *Visit the World Confederation for Physical Therapy website at:*
