

FINAL REPORT OF THE WORLD PHYSIOTHERAPY DAY EVENT

PHYSIOTHERAPY – FEDERAL UNIVERSITY OF TRIANGULO MINEIRO

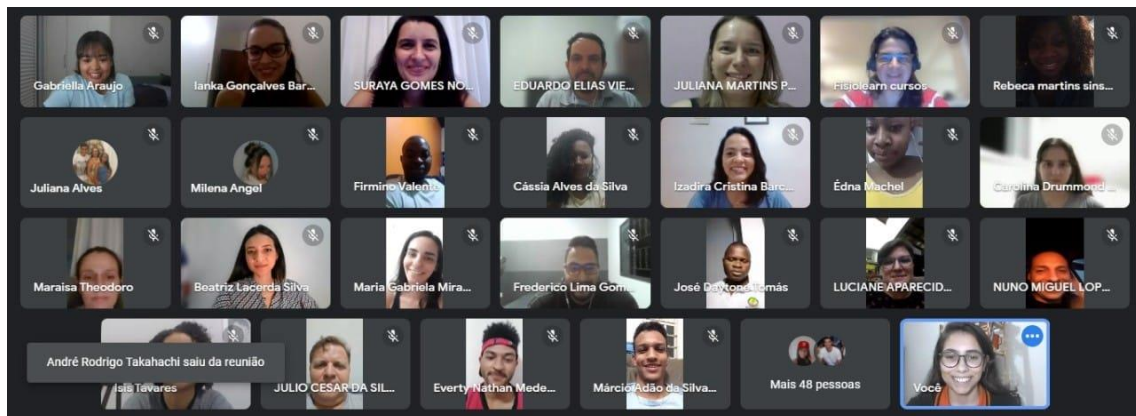

At PT-Day 2021 in Brazil, representative entities and professors of the physiotherapy course at the Federal University of Triângulo Mineiro (UFTM) in Uberaba – Minas Gerais, held an online event throughout the day with the theme “Long covid and Physiotherapy”. The main objective was to show to the community in general the importance of the role of physiotherapy in the sequelae of covid-19, both in the treatment of symptoms and in health promotion.

The toolkit made available by WP was widely disseminated on the course’s and university’s social networks. At the end of the day, an online meeting was held, in a round table format, with the participation of experts, Mariana L. Seccacci, Juliana Martins, Eduardo Carvalho mediated by Prof. Suraya Shimano. The theme was “Approach to physiotherapy in long COVID: aquatic physiotherapy, telehealth and outpatient rehabilitation.

At this time, we had more than 100 participants simultaneously, including the special participation of teachers and students from ISCISA, from Mozambique.
