

Press Release

WCPT announces finalists to Art & Health competition

21 June 2011

For immediate release

WCPT is pleased to announce the finalists of its Art & Health competition, launched in October last year. The selected finalists are being shown at an exhibition for the duration of WCPT's Congress, World Physical Therapy 2011, in Amsterdam, 20-23 June.

Outstanding pieces of artwork were sought representing the role of physical therapy/physiotherapy within the congress theme of *Movement for Health*, including:

- human movement in health and disease
- people with functional limitations in action
- physical therapy practice across the lifespan

An overall winner of the competition was chosen as well as finalists and runners-up from each of the four categories (photography, painting, drawing and sculpture). The judging panel was extremely impressed with the quality of the entries and the many creative interpretations of the movement for health theme.

Photographs of the competition finalists will be available to view on the WCPT website shortly after World Physical Therapy 2011.

Details of the finalists may be found on the attached information sheet.
