9 May 2019

### Physical therapy member organisations elect WCPT's President and Vice President

**Emma Stokes has been elected as President and Melissa Locke has been elected as Vice President of the World Confederation for Physical Therapy (WCPT).**

Voting delegates from 107 WCPT member organisations took part in the election at WCPT's General Meeting on Thursday 9 May at the Starling Hotel Geneva, Switzerland.

#### **Election for President**

Total votes cast	107
Votes cast for Alain Belanger	17
Votes cast for Emma K Stokes	89
Invalid vote	1

#### **Election for Vice President**

There were three candidates for the position of Vice President: Alain Belanger, Melissa Locke, John Xerri de Caro. In line with WCPT's Articles of Association, any candidate who is unsuccessful in the election for President may put themselves forward for election as Vice President. After two rounds of voting, Melissa Locke was elected.

#### **Round one**

Total votes cast	107
Votes cast for Alain Belanger	10
Votes cast for Melissa Locke	51
Votes cast for John Xerri de Caro	45
Abstentions	1

## Press release

## EDITOR'S NOTES

### About physical therapy

Physical therapists (also known as physiotherapists) are experts in developing and maintaining people's ability to move and function throughout their lives. With an advanced understanding of how the body moves and what keeps it from moving well, they promote wellness, mobility and independence. They treat and prevent many problems caused by pain, illness, disability and disease, sport and work related injuries, ageing and inactivity.

Physical therapists are educated over several years, giving them a full knowledge of the body's systems and the skills to treat a wide range of problems. This education is usually university-based, at a level that allows physical therapists to practise independently. Continuing education ensures that they keep up to date with the latest advances in research and practice. Many physical therapists are engaged in research themselves.

### About WCPT

WCPT is the profession's global body representing over 450,000 physical therapists/physiotherapists from member organisations in 121 countries. More information: [www.wcpt.org](http://www.wcpt.org).
