Padmashree Vitthalrao Vikhe Patil College of Physiotherapy, Ahmednagar, Maharashtra India which is affiliated to Maharashtra University of Health sciences celebrated World Physiotherapy Day with various activities for Physiotherapy awareness. Keeping in mind the theme of WCPT for this day ‘Fulfilling potential’ the day began with Fitness module for all students at 7.00 am in which various exercises which are beneficial for maintaining general mobility were demonstrated & were practiced by the participants. There was a positive feedback form the participants with the promise to continue it on a day to day basis. It was followed by a Physiotherapy awareness rally which covered prime areas of the city. All students & staff of the institute participated in this rally. It received positive response from the general public in the form of queries related to profession to the participants of the rally. The activities are continued for the whole week in the form of Physiotherapy Week till 12th September 2015.
