
On the occasion of World Physiotherapy Day Terna Public Charitable Trust’s, Terna Physiotherapy College, Nerul, Navi Mumbai, Maharashtra, India; conducted several activities for physiotherapy awareness among the public and government sectors. Students and faculty members organized various events from 4th September to 8th of September, 2018

4th September

1. To mark the beginning of the event a **Blood Donation Camp** was organized by the College. 65 participants including the students and faculty members donated blood to offer their services to the community.
A Poster Making Competition was organized for the students of Terna Physiotherapy College. The theme for poster competition was ‘Awareness and scope of physiotherapy.’ 3 best posters by the students were awarded; the posters made were then displayed in the awareness camp organized by the college.
5th September

Skit Competition

Students from all the years participated in the competition and prepared a skit addressing the importance of physiotherapy, in order to generate awareness about the profession.
7th September

A physiotherapy assessment and treatment camp was organized at the administrative headquarters of the State Government of Maharashtra (Mantralaya). A total of 900 employees registered for the camp. There were 5 assessment and treatment stations which included ergonomics and musculoskeletal related problems, physiotherapy for women’s health and fitness analysis. Posters and charts prepared by the students were displayed which educated individuals and created awareness among them.
8th September

Free physiotherapy assessments and treatment camps were conducted by the students and faculty members of Terna Physiotherapy College across 3 prime places in the city. A total no of 125 patients were screened and offered treatment in the camp.
